NO. 245.

TO CLEAN STREETS

MUD AND DIRT TO BE REMOVED FROM PAVING.

A GENERAL CLEAN-UP

Work Not to Be Confined to One Section, But as Soon as Weather Permits Work Will Proceed.

Glory be! The mayor's going to clean the streets! With men, and teams, and wagons, and plows and scrapers, and a final touch with water to wash off anything the gang of men who do the work leave behind, the street paving, not alone on the square, but all over town, is to be cleaned and washed until it shall be like unto the streets of "Spotless Town."

More than that, the mayor tried to persuade a representative of The Democrat-Forum to put an ad in the paper of "tramps wanted." Asked if the city could work its prisoners on the streets, the mayor replied: "We can't, but we do." He then told the story of the man in jail who sent for his lawyer to come and get him out. "Why," said the lawyer, "they can't put you in jail for this." "Yes," said the man, "but they did."

Plans had been laid for the street commissioner to start in Saturday morning with a gang of men and teams, but the change in the weather put a crimp in the plans. However, the mayor says that as soon as the weather will permit the work is to be done, and done effectually. It is planned to plow up the soil which has collected, and if necessary the subsoil until the paving is reached. The dirt will then be hauled away in wagons and later the streets are to be washed if the water plant will stand the strain. With a bright, clean Maryville, it is expected the women's clubs will try to secure the state gatherings of their various organizations for Maryville. If the mayor's plans are carried out he will win their everlasting gratitude.

GUGGERTY FINED \$5.

Session of Circuit Court Saturday—Ledgeford Divorce Was Granted.

At the session of the circuit court Saturday morning Thomas Guggerly pleaded guilty to assault upon Fred Litten and was fined \$5 and costs. Guggerly lives at Conception Junction, and the affray took place recently.

Oran Ledgeford was granted a divorce from his wife, Susie Ledgeford, on a statutory charge.

At the afternoon session several matters relating to suits in partition and sales reports were heard.

O. B. Holton and C. A. Gray, through their attorneys, Shinnegar, Blagg & Ellison, filed suit in circuit court Friday against George M. Wilson on a note.

THE WEATHER

Sunday fair and warmer.

News of Society and Womens' Clubs

Marriage License for Rev. Baker.

Rev. Baker, pastor of the Christian church of Hopkins was in Maryville Saturday forenoon and secured a marriage license for himself to wed Mrs. Beesie Miller of Hopkins.

Fraternity Anniversary.

Miss Mae Corwin went to Columbia Friday to attend the anniversary of the Delta Gamma fraternity of the Missouri state university, of which she is a charter member. The anniversary was held Saturday, March 15, at the Delta Gamma fraternity house.

Anniversary Luncheon.

The members and associate members of the Twentieth Century club will celebrate their anniversary with a luncheon at the Elks club house Monday evening at 5:30. This was to have been followed with an 8 o'clock lecture by Mrs. Henry N. Ess of Kansas City on "The Woman of Today." A message was received Friday stating that Mrs. Ess is ill and has been compelled to cancel her dates for the present.

Shoemaker-Bovard Wedding.

The marriage of Miss Esther Shoemaker and Mr. Oliver K. Bovard will take place this Saturday evening at 8 o'clock, at the home of the bride's parents, Mr. and Mrs. Frank G. Shoemaker, 402 East Fourth street. Rev. Gilbert S. Cox of the First M. E. church will read the ring service. Miss Louise Sallander of Ft. Madison, Ia., will act as maid of honor, while the bridesmaids will be Miss Laura Barmann of this city and Miss Caroline Watkins of Lawson, Mo. Mr. Edward Schumacher will act as best man. The out-of-town guests will include Mr. and Mrs. Fraser Boyd of Kansas City; Mr. and Mrs. John Donovan of Muskogee, Okla.; Miss Sallander and Miss Watkins. The bride and groom will leave on the 9:47 Wabash train for St. Louis. From there they will take some route for a southern honeymoon trip, which they have not yet decided upon.

Mothers' Circle Meeting.

The Mothers' Circle held its regular monthly meeting Friday afternoon at the home of Mrs. William Everhart. The president, Mrs. W. C. Van Cleave, led the devotion. Miss Alma Nash addressed the meeting, telling her views of the suffragist parade in Washington. She spoke of the earnestness and interest of the women from every walk of life and how, even under the most adverse conditions, the women kept their temper and acted with dignity and forbearance. Mr. Van Cleave, too, spoke of the earnestness of the women, but said that women should study well before they assume political responsibility, and if they insist upon the vote they should prepare themselves for it. Both Miss Nash and Mr. Van Cleave gave interesting talks and both spoke of the cordial reception our band girls received on every hand. It was decided at this meeting to hold a candy and egg sale at Price & McNeal's store Saturday before Easter, the proceeds to be used for the playgrounds equipment. The emergency cabinets for the ward schools have been purchased and one was shown the members present. Mrs. Harris had some pleasant news for the Circle, the street fair and the Fourth of July committees having turned over their surplus of \$25 to the Mothers' Circle for the playgrounds fund. A vote of thanks was extended to the gentlemen of these committees. The president appointed the following committees to act for the ensuing year:

Ways and means and entertainment—Mrs. Berney Harris, chairman; Mrs. L. E. Dean, Mrs. Charles Gaugh, Mrs. Omar Catterson.

Membership and reception—Mrs. William Everhart, Mrs. Frank Buck, Mrs. W. H. Allen.

Visiting and flowers—Mrs. Eugene Ogden, Mrs. C. E. White, Mrs. Rebecca Brink.

Advertising—Mrs. E. B. Sheldon. Press reporter—Mrs. S. E. Farver. Program—Mrs. L. E. Dean, Mrs. D. E. McDonald, Mrs. W. B. Price, Mrs. Eugene Ogden.

Received Second Sight.

Uncle John Brown, who has been very poorly the past year and almost totally blind for some months, got up a few mornings ago and told his daughter, Mrs. Orren Masters, with whom he makes his home, that he could see. This was the first time he has been able to see anything at all for months. Mr. Brown was 84 years old in August.—Graham Record.

ONLY 6 OUT OF 116

FEW RECEIVED CERTIFICATES AT RECENT EXAMINATION.

22 OTHERS MAY PASS

Their Papers Were Sent to State Department for Grading—Two Second and Four Third Grade.

At the conclusion of the regular teachers' examination, held this week by Superintendent Oakerson, certificates were issued to six applicants. One hundred and sixteen took part in the examinations, but a majority of the applicants wrote on only a part of the subjects with the intention of finishing the examination in June. The papers of twenty-two of the applicants were sent to the state department for grading, and no report has yet been made on these.

Those to whom certificates were issued are as follows:

Second grade certificates—Edgar J. Hott of Barnard and Mabel Carver of Burlington Junction.

Third grade certificates—C. C. Vickery, Arkoe; Roxie Wilson, Clyde; Lowell Livengood, Elmo; Bertie Cross, Hopkins.

REPUBLICAN NOMINATIONS

The Republican convention held at the court house Saturday afternoon to nominate candidates for township officers was a mild affair and hardly worth the admission. The lion of standpatism and the bull moose attempted to lie down together, but the situation was too strained to permit enthusiasm.

Ed Curfman was elected chairman of the convention and J. F. Hull secretary. W. R. Tilson and L. C. Gann were appointed tellers.

For township trustee, Harve Bainum and Bert Rowley were placed in nomination. The vote stood Bainum 124, Rowley 26.

For collector Orville A. Bennett received 92 votes and U. I. Wilson 57.

Jake Moore was nominated for assessor by acclamation.

For constable R. P. Yeaman received 86 votes and Richard Snyder received 29.

Ernest Wray and John Yates were nominated by acclamation for members of the township board from the north and south districts respectively.

Nobody wanted to be justice of the peace, but the following were finally named: R. L. McDougal, George Fleming, Gill Campbell, J. S. Miller and W. W. Glass.

MAKES DRY COUNTIES DRIER.

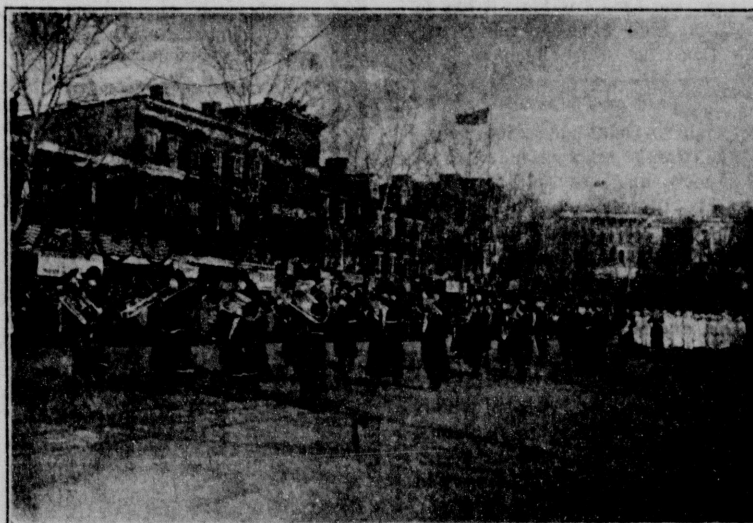

The Prosecuting Attorney May Enjoin Storage of Liquors.

Jefferson City, March 14.—Another bill to make the dry counties of Missouri more dry passed the house this morning. It gives the prosecuting attorney the weapon of injunction to prevent liquor being stored in any county which has voted dry.

GARRETT FUNERAL SUNDAY.

Services for 12-Year-Old Boy Will Be Held at First M. E. Church in the Afternoon at 2 o'clock.

Funeral services for Marcus Theron Garrett, son of Mr. and Mrs. Jefferson Garrett, will be held Sunday afternoon at 2 o'clock at the First M. E. church.

The above picture shows the members of the Missouri Ladies' Military band leading the great suffrage parade at Washington, D. C. They were a decided feature of the parade and won many compliments and much applause. They were given marked attention by the managers of the parade.

mach trouble and with piles, for

rk on the farm. I read about the

was making around Gallatin,

to see him. He said that he could

fix M. C. X. Forwards, Mathes and

Daise; center, Quinn; guards, J. Jones

and Faris.

Summary—Field goals, Daise 7,

Moore 3, Eck 2, Mathes 2, Mutz, Jones.

Free throws, Quinn 6, Moore 2, Eck 3.

Referee—Hoffman.

Although the Normal girls were

clearly outclassed in their game with

the Missouri Wesleyan girls and were

beaten by a count of 23 to 5, they

played a hard game the whole time,

and considering the reputation of their

opponents, they put up a good game.

Miss Ruth Ellwood, the Wesleyan

captain and left forward, gave the best

exhibition of basket throwing that has

ever been displayed on the local court

by one of the fair sex. Her eight field

goals and three free throws account

for the defeat of the locals. Miss Hazel

Thompson, the Normal captain and

guard played a grand defensive game.

Although her opponent did count eight

field goals, Miss Thompson repeatedly

gained possession of the ball in dan-

gerous territory and heaved it toward

her own goal.

The first half the Normal girls were

unable to register, while Wesleyan got

11. Finally in the middle of the second

half Miss Martin counted the

first point for Normal with a field

goal. This was the first real chance

the rooters had had to cheer, and cheer

they did. Miss Abplanalp counted the

other three points for the Normal with

a field goal and one from the foul line.

The line-up:

Wesleyan—Forwards, Ellwood and

Lane; centers, Henderson and Carson;

guards, Christian and Wyckoff.

Normal—Forwards, Abplanalp, Mar-

tin and Hoffman; centers, Ricken-

brode, Hotchkiss, Caudle and Hanna;

guards, Thompson, Gibler and Hollister.

Summary—Field goals, Ellwood 8,

Lane, Abplanalp, Martin. Free throws,

Ellwood 4, Lane, Abplanalp.

Referee—Moore, Maryville.

Umpire—Whitell, Wesleyan.

High School Notes

Four basket ball games were played this week. The first two were played Monday. Murray, who captained the team that won the school championship, defeated a picked team led by Paul Thompson. The score was 21 to 13. Prof. Westbrook refereed. At the same time the second tie of the class B series was being played off and was won by Roberts' team. In this series it was necessary to play off two ties, and the list now stands with Roberts first, Wilson second and Cook third. It was announced Friday that a game between two of the girl teams would be played and the boys would not be admitted. So in opposition to this game the boys announced a game at the same time, barring the girls from their game. Owing to the rivalry both games were well attended. In the boys' game Blagg won from Condon 15 to 13. John Kirker Taylor refereed. From the various spies the boys had posted it was learned that the team captained by Mattie Clayton won from Nina Bent's team by a score of 3 to 0. Geneva Wilfly and Miss Ashby officiated, and the line-up was as follows:

Mildred Hancock and Amy Clark, centers; Mattie Clayton and Greta Kemp, guards; Brownie Helpy and Lola Wright, forwards.

Nina Bent and Nellie Knappenberger, centers; Laura Craig and M. Quinn, guards; Vifune Colden and Faye Herndon.

This was the first game for the girls.

The track team was outdoors for the first time Tuesday, but owing to the unfavorable weather the rest of the week they did their work in the halls of the school. Rev. Harkness met the squad Tuesday and has consented to help them.

The advanced seniors held a business meeting Thursday afternoon. Among the things of importance that came up before the class was the selection of the class pin and invitations. They will entertain the beginning seniors March 28th, at the high school.

FIRST OF TOURNAMENT.

The Girls Basket Ball Teams of the High School Played Friday Evening—Hancock Team Won.

Honorificabilitudinitatibus vs. Transimagnificandibydensality.

Don't be frightened, please. These are not new contagions. They are the names of the high school girls' basket ball teams.

The first real game between the girls' basket ball teams of the high school was played Friday evening at 4 o'clock in the gymnasium. The teams have been practicing faithfully for weeks under the direction of Miss Winifred Ashby, and are able to play good ball. They have a "Keep off the grass" sign up, though, that says "Boys not allowed," and that is the reason they are getting along so well.

They don't have to bear the jealous criticism and taunts their playing would be sure to bring out if the boys should happen to see a game. But after awhile, when they are sure of not being affected by stage fright, that strange thing that attacks professionals sometimes, they are going to invite the world to see them play, and defy every boy team in the country.

But listen to the names of the teams. Terrifying to see, but work at them and you will be able to pronounce them; that is if you, have a tongue as active and pliable as a high school girl's is.

Captain Nina Bent heads the Honorificabilitudinitatibus team, whose line-up is Nina Bent and Mary Quinn, centers; Nellie Knappenberger and Vifune Colden, guards; Laura Craig and Faye Herndon, forwards.

Captain Mildred Hancock heads the Transimagnificandibydensality team, whose line-up is Mildred Hancock and Amy Clark, centers; Lola Wright and Brownie Helpy, forwards; Greta Kemp and Mattie Clayton, guards.

These girls never abbreviate the names of their teams and they rattle it off over their tongues as slick as grease, while you stand and listen with open-mouthed amazement.

Friday evening's game started off with Gladys Holt and Blanche Gray giving the yell, and it went like this:

Who's goin' to win this?
Who's goin' to win this?
Who's goin' to win this now?
Bent's goin' to win this!
Bent's goin' to win this!
Bent's goin' to win this!

How?

E-e-e-e-e-e-e-e-e-e!

Then everybody yelled for Bent.

Miss Ashby gave the signal for the game to start, and for a moment everybody was paralyzed. But a beginning was finally made. Everybody (Continued on Page 2)

IT'S PALM SUNDAY

PASSION WEEK SERVICES AT MARYVILLE CHURCHES.

THE DIVORCE PROBLEM

One Minister Will Consider Phases of an Evil in American Home Life—Announcements for Sunday.

First Presbyterian Church.

Palm Sunday will be observed with the following service program:

The morning worship will begin at 11 o'clock. The sermon will be entitled, "Why Jesus Planned the Royal Entry." The choir will render special music in keeping with the spirit of the day.

At 7:30 p. m. the evening worship with a sermon on "Ancient High Finance."

Holy week will be commemorated by four special services to be held Tuesday, Wednesday, Thursday and Friday evenings. Tuesday the sermon subject will be about "The Easter Pilgrims." Wednesday the theme will be "I Go." Thursday is the anniversary of the institution of our Lord's supper, and after a brief address upon "Keeping in Touch With Christ," the holy communion will be administered. On Good Friday the sermon will be entitled "The Depths of Love." These evening hours will be made as helpful to the inner life as it is possible for the pastor to make them.

The Easter program will consist of a sunrise prayer meeting, Easter worship with sermon at 11 a. m. and an Easter cantata given by the choir at the hour of evening worship. We have nothing new to say to you; no sensational gospel to preach to you, but we can and do offer you the fellowship of some people who are trying to do their part in bringing the kingdom of heaven to earth.

The First M. E. Church.

Three hundred and twenty-five at Sunday school. Were you one of them? If not you missed a great privilege. Come let us prove it to you at 9:45 Sunday a. m.

Preaching at 10:45 a. m. Subject of sermon, "The Power of the Cross." The choir will sing, "Sanctus," by Gounod. H. H. Mutz will sing "The Penitent," by Van de Water.

Epworth league meets at 6:30 p. m. A special Livingstone service has been arranged. Reading, studies, special music. Miss Edna Moore is the leader. You are cordially invited.

Preaching at 7:30 p. m. Subject, "A Day of Triumph." This subject will be the record of the experiences of Christ on Palm Sunday with the apparent teachings of the day. Each evening of the week the pastor will preach from the experiences of the corresponding day in the last week of Christ's earthly ministry. The choir will sing appropriate music.

The music for Sunday evening will be an anthem, "Unto Him Who Loved Us," by Schaefer. Solo, "The Palms," with violin obligato, by Faure.

You are cordially invited to any or all these services. Strangers will find a welcome.

GILBERT S. COX, Pastor.

Buchanan Street Methodist Church.

We set another mark on attendance last Sunday at Sunday school. We have another great lesson tomorrow. God's way of finding the right man.

Preaching by the pastor, Rev. Jos. D. Randolph, at 10:45 a. m. The subject of the sermon is "The Days of the Years of Life." To measure our age in years is an artificial method. How we have lived is of more importance than how long we have lived.

League at 7:30 p. m. Subject, "My Neighbor."

The subject of the evening sermon is "The Significance of the Rising Tide Divorce." This is the second of three sermons on "Home Making." The speaker believes that the rising tide (Continued on Page 2)

I hereby announce myself as a candidate for Tax Collector of White Cloud township, subject to the Republican nominating convention.
JOHN R. BOHAM.

Another Case of Smallpox.

Mrs. Howard Manning, wife of one of the original four victims, was discovered to be suffering from smallpox the first of the week.

She, like the others, has a light form of the disease, probably less severe than her husband, and her case creates no excitement at all—indeed, it would have been a little short of a miracle if she had not taken it, as she been constantly with her husband all the time, and was not even vaccinated.

Mr. Manning is almost entirely over it, and the quarantine would have been lifted from his house this week had Mrs. Manning shown no symptoms of taking the disease herself—Graham Record.

Gone to St. Clair County.

A. C. Nicholas, who sold his farm recently near Maryville and bought a large farm in St. Clair county, left for that place Friday with a car load of registered Aberdeen-Angus cattle which he will keep on the farm. His nephew, Wilson Nicholas, who will manage the place, left the day before with a car of machinery and household goods. In a letter here Mr. Nicholas said that Mrs. Nicholas and the young Progressive, Judson Colwell Nicholas, were getting along fine at Battle Creek, Mich., and would soon return to Maryville, where Mr. and Mrs. Nicholas will make their home—Burlington Junction Post.

Take Hall's Family Pills for constipation.

TILLMAN LOSES HIS LONG FIGHT

Appropriations Chairmanship
Goes to Senator Martin.

ANOTHER CAUCUS IS CALLED.

Democrats Make Radical Changes in Method of Controlling Legislation in the Senate—Steering Committee Shorn of Some of Its Powers.

Washington, March 15.—Senator Benjamin R. Tillman of South Carolina lost his long and hard fight for the chairmanship of the powerful senate committee on appropriations. The Democratic committee lists completed by the "steering committee," headed by Senator Kern, accords the appropriations chairmanship to Senator Martin of West Virginia and places Senator Tillman at the head of the committee on naval affairs.

A Democratic caucus has been called for today, when the committee lists will be presented to the full membership of the senate. It is said that Senator Tillman will lead a fight in the caucus to overthrow the committee's decision.

Radical changes in the method of controlling senate legislation and committees, which formed the basis for the so called progressive Democratic reorganization fight began last December, were approved by the Democratic managers and will be offered for adoption by the caucus. These recommendations are:

All committee chairmen shall be elected by the Democratic members of the committees. The practice has been for the "steering committee" to appoint all chairmen.

A majority of the Democratic members of any committee may call a meeting of that committee at any time.

Members of "conference committees" shall be selected by the Democratic majority of the committee having charge of the legislation in question.

"Steering" committee members shall be selected by a Democratic caucus instead of through appointment by the caucus chairman.

Appointments by the "steering" committee to fill vacancies on all committees must be passed upon by the full caucus.

The recommendations to be made constitute important departures from the practice that has prevailed in the senate and are similar in many ways in the changes that were made in the house at the beginning of the last congress.

Clarke Will Be on Commerce.

Senator Clarke of Arkansas has been slated for the chairmanship of the committee on commerce, which handles river and harbor improvement legislation; Senator Hoke Smith has been added to the finance committee and named as chairman of the committee and labor; Senator Chamberlain has been selected for the chairmanship of the public lands committee, and Senator Luke Lea is slated for the chairmanship of the committee on library.

BURKE FOR TREASURER

Nomination of North Dakotan May Be Sent to Senate Today.

Washington, March 15.—Former Governor John Burke of North Dakota is among the foremost in President Wilson's consideration for appointment to the position of treasurer of the United States. Some of the governor's friends expect that his nomination will be sent to the senate today.

George Foster Peabody, former treasurer of the Democratic national committee, accompanied by Secretary McAdoo, had a conference with Mr. Wilson. It was said that Mr. Peabody also was under consideration for appointment as collector of the port of New York.

When the conference with the president broke up it became known that Mr. Burke was practically the only man being considered for treasurer and that Mr. Peabody would prefer some other post than collector at New York. It is suggested that a place in the foreign service might be offered him.

Arkansas Has Two Governors.

Little Rock, March 15.—Two state senators laid claim to the office of governor of Arkansas and each established an office at the capitol. After the resignation of Governor Joseph T. Robinson, Senator W. F. Oldham, then president of the senate, succeeded him. The senate elected Senator John M. Futrell, president pro tem, to act as lieutenant governor. Futrell demanded that Oldham retire. Oldham refused, and both men sought to exercise gubernatorial functions. Both declared they would call a special election for governor.

Servians Massacre Albanians.

Frankfort-on-the-Main, March 15.—Three hundred Albanian inhabitants of Luma, in the Turkish province of Kosovo, were shot and killed without trial by Servian troops, according to a dispatch from Uskup to the Frankfort Gazette.

Forged Names on Recall Petition.

Huron, S. D., March 15.—A sensation was sprung here by the discovery of forgeries of signatures to the initiative primary petition to repeal the Richards primary law.

NINETY DEAD IN SOUTHERN STORM

Continued from Page 1

pretty much jumbled and the first of the game ended with a score to 0.

The second half of the game was Brownie Helpley of the Trans (excuse us, girls, but we just spell it) was the star player, winning the game for her team by a score to 0.

Geneva Wilfley refereed the game.

Monche Gray, one of Captain Bent's men, was considerably handicapped the game because she—well, we would not tell that she the "pink eye" that is going ad, so we won't. And it is to this handicap that Captain Bent ascribes her loss of the game.

This game was the first of a tournament of five games. The winning team will play the Northwest Normal basketball team at the close of the present tournament. Boys not wed there, either.

Another Missourian Honored.

Dr. B. T. Galloway has been appointed Assistant Secretary of Agriculture by Secretary Houston. Dr. Galloway is a former Missourian but has been in the government service for twenty-five years and is regarded as one of the most efficient men in the department. He has for some years been at the head of the bureau of plant industry, a bureau that has been of invaluable service to the government and the people of the country.

This bureau has made a study of the development of plants new to this country and has introduced many valuable crops. It has brought dates from Egypt, durum wheat from Russia, millet from Siberia, peaches from China and by crossing a hardy but valueless orange from Japan with a less hardy variety of high quality of this country has produced an orange that will stand a more rigorous climate than heretofore.

This bureau has also made a study of plant diseases and has worked out many valuable remedies. It has studied insects and the various pests that destroy crops and has searched the world for others that would destroy these pests without doing other damage themselves. Dr. Galloway has developed the fact that there are 100,000 different species of plants in the world and that only about 5,000 are utilized. There are only 300 in general use in this country.

Dr. Galloway has done a wonderful work in the development of this bureau in the Department of Agriculture and his selection will meet with the approval of all who are familiar with his career.

Students Charged With Manslaughter.

Hillsboro, N. C., March 15.—The state rested its case against the four students of the University of North Carolina, charged with manslaughter in causing the death of Will Rand, while hazing him last September. It was announced the defense would not introduce evidence, thereby gaining the last speech before the jury. Judge Peebles instructed the jury to find Arthur Styron not guilty.

Mrs. Boggess' Body Is Identified.

St. Louis, March 15.—On their return from the inspection of the body taken from the Mississippi river near St. Genevieve, Mo., Dr. John S. Boggess and his brother-in-law, David J. Keating, said the identification of the remains as those of Mrs. Boggess, who disappeared from Kansas City last fall, was positive. They judged from the hair, teeth, clothing and combs.

Railroad Traffic in Wisconsin Tied Up.

LaCrosse, Wis., March 15.—The LaCrosse and Southeastern, the Kickapoo Valley and the Green Bay and Western railroads abandoned train service on account of washouts and floods which, in some cases, covered the tracks. At Houston, Minn., the flood is running like a river through the streets.

Jury Still Out in Hyde Case.

Kansas City, March 15.—The fate of Dr. B. Clarke Hyde, on trial a third time charged with the murder of Colonel Thomas H. Swope, millionaire philanthropist, was still in the hands of the jury this morning.

Best Known Cough Remedy.

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used." For coughs or colds and all throat and lung troubles, it has no equal. 50c and \$1.00 at the Orear-Henry Drug Co.—Advertisement.

Card of Thanks.

We wish to thank our kind neighbors and friends who extended to us their sincere and heartfelt sympathy during the illness and death of our dear husband and father, and who did all that loving hands could do. We wish to thank our friends for the beautiful floral offerings.—Mrs. S. W. Scott, Mr. and Mrs. John T. Griffey.

Best for Skin Diseases.

Nearly every skin disease yields quickly and permanently to Bucklen's Arnica Salve, and nothing is better for burns or bruises. Soothes and heals. John Deye, of Gladwin, Mich., says, after suffering twelve years with skin ailment and spending \$400 in doctor's bills, Bucklen's Arnica Salve cured him. It will help you. Only 25c. Recommended by the Orear-Henry Drug Co.—Advertisement.

FIRST OF TOURNAMENT.

(Continued from Page 1)

pretty much jumbled and the first of the game ended with a score to 0.

The second half of the game was Brownie Helpley of the Trans (excuse us, girls, but we just spell it) was the star player, winning the game for her team by a score to 0.

Geneva Wilfley refereed the game.

Monche Gray, one of Captain Bent's men, was considerably handicapped the game because she—well, we would not tell that she the "pink eye" that is going ad, so we won't. And it is to this handicap that Captain Bent ascribes her loss of the game.

This game was the first of a tournament of five games. The winning team will play the Northwest Normal basketball team at the close of the present tournament. Boys not wed there, either.

Another Missourian Honored.

Dr. B. T. Galloway has been appointed Assistant Secretary of Agriculture by Secretary Houston. Dr. Galloway is a former Missourian but has been in the government service for twenty-five years and is regarded as one of the most efficient men in the department. He has for some years been at the head of the bureau of plant industry, a bureau that has been of invaluable service to the government and the people of the country.

This bureau has made a study of the development of plants new to this country and has introduced many valuable crops. It has brought dates from Egypt, durum wheat from Russia, millet from Siberia, peaches from China and by crossing a hardy but valueless orange from Japan with a less hardy variety of high quality of this country has produced an orange that will stand a more rigorous climate than heretofore.

This bureau has also made a study of plant diseases and has worked out many valuable remedies. It has studied insects and the various pests that destroy crops and has searched the world for others that would destroy these pests without doing other damage themselves. Dr. Galloway has developed the fact that there are 100,000 different species of plants in the world and that only about 5,000 are utilized. There are only 300 in general use in this country.

Dr. Galloway has done a wonderful work in the development of this bureau in the Department of Agriculture and his selection will meet with the approval of all who are familiar with his career.

Students Charged With Manslaughter.

Hillsboro, N. C., March 15.—The state rested its case against the four students of the University of North Carolina, charged with manslaughter in causing the death of Will Rand, while hazing him last September. It was announced the defense would not introduce evidence, thereby gaining the last speech before the jury. Judge Peebles instructed the jury to find Arthur Styron not guilty.

Mrs. Boggess' Body Is Identified.

St. Louis, March 15.—On their return from the inspection of the body taken from the Mississippi river near St. Genevieve, Mo., Dr. John S. Boggess and his brother-in-law, David J. Keating, said the identification of the remains as those of Mrs. Boggess, who disappeared from Kansas City last fall, was positive. They judged from the hair, teeth, clothing and combs.

Railroad Traffic in Wisconsin Tied Up.

LaCrosse, Wis., March 15.—The LaCrosse and Southeastern, the Kickapoo Valley and the Green Bay and Western railroads abandoned train service on account of washouts and floods which, in some cases, covered the tracks. At Houston, Minn., the flood is running like a river through the streets.

Jury Still Out in Hyde Case.

Kansas City, March 15.—The fate of Dr. B. Clarke Hyde, on trial a third time charged with the murder of Colonel Thomas H. Swope, millionaire philanthropist, was still in the hands of the jury this morning.

Best Known Cough Remedy.

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used." For coughs or colds and all throat and lung troubles, it has no equal. 50c and \$1.00 at the Orear-Henry Drug Co.—Advertisement.

Card of Thanks.

We wish to thank our kind neighbors and friends who extended to us their sincere and heartfelt sympathy during the illness and death of our dear husband and father, and who did all that loving hands could do. We wish to thank our friends for the beautiful floral offerings.—Mrs. S. W. Scott, Mr. and Mrs. John T. Griffey.

Visited in Atchison.

Andy Chris Cummins returned Thursday night from a business trip at Atchison, Kan., where he also visited his brother, Francis Cummins, and cousin, Eugene Cummins, students at St. Benedict's college.

COMING COMING COMING

The Great Indian Doctor

To Maryville, Mo., for one week, commencing Monday, March 17 to Sunday, March 23. His office will be at the Linville Hotel.

MARRIED WOMEN MUST BRING THEIR HUSBANDS ALONG

This is the Indian Doctor you have read so much about in the papers—the wonderful cures he has made when others have failed. He is a half-blooded Sioux Indian from the Rosebud Agency, S. D. His mother is a full-blooded Indian and his father is a white man. His father was the chief medicine man on the reservation and was a graduate physician, and so is he, a graduate of one of the best medical colleges in the U. S. He is licensed by the State Board of Health of Missouri.

FREE OFFER

For one week only, he will examine you and treat you FREE OF CHARGE, except for the medicine used. He treats you with pure root and herb medicine. He treats diseases of the Blood, Skin, Heart, Lungs, Liver and Kidneys, Stomach Trouble, Bowel and Bladder Trouble, Nervous Diseases, Loss of Nerve Force, Rupture and Piles without the knife and without pain or detention from business, Epileptic Fits (falling sickness), Rheumatism, Paralysis, Catarrh, Varicose Veins (knotted), Ulcers, Gall Stones, and all private diseases of men and women. Married women please bring your husbands along.

You say you have no confidence in getting cured. What right have you to pass an opinion without an HONEST INVESTIGATION? There is only one way to arrive at this conclusion, and that is to Positively Know the cause of your disease. You will never be cured by guessing. Neither by your judgment or the Doctor who THINKS he knows what is wrong with you. YOU MUST KNOW. There is a vast difference in surgery, acute and chronic diseases. I am a specialist on chronic diseases and claim, demonstrate and prove that I am qualified both professionally and by experience. By examination I can tell you all your aches and pains and diagnose to the most minute detail. Any of your friends will offer their opinions as to your troubles if you explain how you feel. Opinions are not what you want. FACTS. A true condition of your health is what you must know if the treatment given is expected to benefit and cure you.

Why Should I Not Advertise My Business?

Having thoroughly qualified myself for my specialty, I believe I should possess equal rights with others and to deprive me of any of the sacred rights guaranteed to all by the liberal laws of the country is professional tyranny.

DO I TAKE NO INCURABLE CASES! I look after my patients until they are cured. No lies, no deception, no poisonous drugs. You are treated with Herb Medicines. Free examination and free treatment, except for medicine used.

What is Disease?

A state of the body disturbing the performance of the Vital Functions and causing PAIN, WEAKNESS, DISORDER, COMPLAINT, EMACIATIONS, COLLAPSE, DEPRESSION, UNCONSCIOUSNESS and DEATH.

TESTIMONIALS

TO WHOM IT MAY CONCERN:

I have been a sufferer, if there ever was, I am 70 years of age. I have not slept one night in about five years, I had disease called eczema, my legs were raw from my knees down, from scratching; they itched so that I could not help scratching, and the Indian Doctor was recommended to me by Mr. E. S. Garver, and a doctor told me to try him. I want to say, that in one night the itching stopped, and I kept taking his medicines and he has cured me, and there is no one so thankful as I am.

Resp. Yours, MRS. FRANKS, Grant City, Mo.

TO WHOM IT MAY CONCERN:

My wife and I have been sufferers for several years with chronic constipation, stomach bloated with gas, smothering spells, shortness of breath, pains in stomach and in the back and we have tried everything but failed to do us any good, the Great Indian Doctor came to Hopkins, Mo., and we went to see him and he gave us some medicine

and he has cured us. We can highly recommend, to everyone who is a sufferer, the Indian Doctor.

Resp. Yours, MR. AND MRS. J. E. LARISON, Bedford, Iowa.

TO WHOM IT MAY CONCERN:

I have been a sufferer with stomach trouble and with piles, for three years. I could not do my work on the farm. I read about the wonderful cures the Indian Doctor was making around Gallatin, Mo., and one day I drove to Gallatin to see him. He said that he could cure me, and I said all right, so he fixed up some medicine and gave it to me and he sure did cure me. I done my work this fall. I plowed, something I did not do in three years. I can highly recommend the Indian Doctor to everyone.

Resp. Yours, M. A. DONNER, Pattonsburg, Mo., R. 2.

TO WHOM IT MAY CONCERN:

My wife has been a sufferer for years with stomach and liver and kidney disease, and I have been a sufferer myself with my stomach.

I have spent hundreds of dollars trying to get something to relieve us, but have failed. The Great Indian Doctor came to Pattonsburg, Mo., last June and we took treatment from him and I can safely say that in one week he has done me more good than I ever expected and he has cured my wife and I. I was sick, I could not work, and now I can work and my wife, and we can only thank the Great Indian Doctor for it.

Resp. Yours, MR. AND MRS. H. M. JOHNSON, Pattonsburg, Mo., Route No. 5.

TO WHOM IT MAY CONCERN:

This is to certify that I have been treated by the Indian Doctor, (Dr. Mitchell). I had a cancer on my face, side of my nose, and he has cured me and I found him to be an honorable gentleman and fair in his dealings, he has kept every promise made me, and I cheerfully recommend him to the general public.

Yours very truly, E. S. GARVER, Editor Worth Co. Times

B. Y. P. U. at 6:20 p. m.

There will be special music at these services.

Union Township Convention.

Notice is hereby given to all Democratic voters of Union township that a township convention will be held at Pickering, Saturday, March 22, 1913, commencing at 2 o'clock p. m., for the purpose of selecting a township ticket to be voted on at the regular election. The ticket to be named will be composed of one township trustee, two members of the township board, one township collector, one township clerk, one township constable, two justices of the peace.
J. W. WILEY,
Township Committeeman.

THE CORN CROP OF MISSOURI.

Governor Major Writes in Leslie's Weekly of the Great Annual Yield.

We produce one-eighth of the corn grown in the United States, and one-tenth in the world. Missouri produces three-fifths as much corn as all Europe, and one-half as much as the entire world outside of the United States. While the per capita production of corn in the United States fell from 35.1 bushels in 1899 to 27.7 bushels in 1909, Missouri increased its corn yield per capita from fifty-nine bushels in 1900 to 72.5 bushels in 1910. While the per capita yield of the United States, as a whole, in this decade had a loss of 7.4 bushels per capita, Missouri had a gain of 13.5 bushels per capita. Farm products, including live stock, sold in the year 1912, or remaining on the farms at the close of the year, were valued at more than 750 million dollars, which stupendous sum came from less than three hundred thousand farms.

The land area is 68,727 square miles, and there is ample room now for more than another one hundred thousand farms.

New Realty Firm.

Otis & Snodgrass is the name of a new real estate firm that has purchased the business of Bickett & Son, who have been doing business over the Corwin-Murrin clothing store. Mr. Otis has been in the real estate business here for some years. Mr. Snodgrass has been traveling for a farm machinery concern and will quit the road and give his attention to the new business. The Democrat-Forum wishes them success in their new venture.

ST. JOSEPH.

Cattle—50. Market steady.
Hogs—1,700. Market strong; top, \$8.85.
Sheep—None.

Missouri Senators Fare Well.

In the make-up of the five most important committees of the United States senate, decided upon and announced by the "steering committee" Friday, Senators Stone and Reed of Missouri seem to have taken rank with the oldest and ablest of the members of the senate.

Senator Stone is given second place on the great committee on finance, regarded as the most important committee of the senate, and he is also given second place on the committee on foreign relations.

Senator Reed has a good place on the committee on the judiciary, and also on the new committee on banking and currency, which assignments are very complimentary to a senator serving his first term.

Both Senators Stone and Reed will be given chairmanships on good committees, but the memberships of only the five most important committees have yet been announced, and their appointment to places on four of these will be especially gratifying to their friends in Missouri, and is a strong testimonial to their ability and service in the senate.

Home From South.

Jesse F. Robertson returned Thursday evening from a several weeks' stay at San Antonio and Corpus Christi, Texas. Mrs. Robertson is receiving much benefit from the change in climate and will remain at Corpus Christi until April 1. Mr. and Mrs. Robertson visited Mr. and Mrs. J. J. Davis while in Corpus Christi and found them both in good health and enjoying their stay in the south very much this winter. They will probably not return home until the latter part of April.—Burlington Junction Post.

Borrowed an Umbrella.

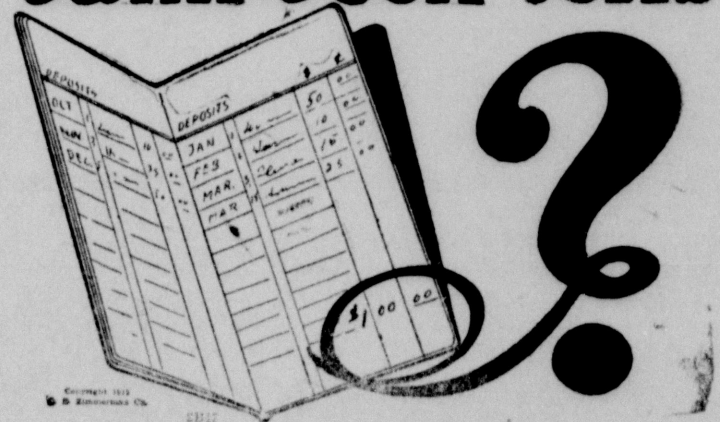

You know how it rained Thursday afternoon. Poured down, you know. Well, while this nice rain was coming down its best Mr. J. D. Frank of the Alderman Dry Goods company thought he would go to the postoffice with some mail for the 4:29 train. As he walked serenely along under his spacious umbrella, he met Agent W. E. Goforth of the Burlington, who was walking hurriedly, umbrellaless. Mr. Goforth stopped suddenly and asked Mr. Frank if he was carrying his own umbrella. Mr. Frank stopped, looked over the umbrella in his careful, conscientious manner, and said, "Why,

yes, I think so." Then Mr. Goforth asked for permission to examine the umbrella closely. Mr. Frank handed it over to him freely—and Mr. Goforth walked off under protection from the elements. Mr. Frank came to, presently, and made his trip to the postoffice and back with a broad grin on his face. Mr. Frank is some joker himself, though, and Mr. Goforth had better be on the watch.

To Cure Cold in One Day

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.—Adv.

The story the bank book tells

There is no more interesting reading than the credit pages in your bank book, telling you the sum that is held subject to your order. Your success is measured by the figures in your bank book. If you have a bank account which is growing every month, you are on the royal road to success.

Employers are quick to learn of the fellow with a bank book and he is the man they look to first when responsible positions are open.

BOWELS BAD, LIVER TORPID? CASCARETS

If Constipated, Bilious, Headachy, Stomach Sour, Get a 10-Cent Box of Cascarets—Take One Tonight.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken—Advertisement.

Thomas McGarry of Clyde was transacting business in the city Saturday.

THE MILLINERY IS GORGEOUS.

The Only Bright Spots Around Town Today Were the Millinery Store Windows.

Rich, gorgeous, lovely, and altogether-to-be-desired was the exquisite display of millinery in Maryville Friday. All the milliners were ready with their display Friday morning, and it was certainly cheering to the workaday people, as they trudged their way to work through the rain, to see the lovely things on display. Whether you wanted a hat or not, whether you could buy one or not, or whether you had to suffice yourself with only just paying for one of those beautiful things of creation that have the richest, most exquisite blending of colorings the eye ever beheld, it was delightful to be stopped on the way by the sight of it all, and you didn't blame your wife a bit for hurrying up things that morning to get uptown to the openings as soon as possible.

The biggest beauty of all this year's millinery is that any one may secure a hat that will be becoming to her and one that will not overdraw on her pocketbook, whether large or small.

Down the street from the millinery stores, at a jewelry store, Crane's, there was on display all kinds of beautiful hatpins. A coincidence, that, we presume.

DEATH AT HOPKINS.

Mrs. Charlotte Miller, a Pioneer Resident of That Community for Over Forty-Five Years.

Mrs. Charlotte Miller of Hopkins died Saturday morning at 5 o'clock at her home there, after a long illness due to old age. She was 86 years old last November.

The funeral services will be held Monday afternoon at 2 o'clock at her late home, and will be conducted by Rev. T. C. Taylor of the M. E. church. Burial in Hopkins cemetery.

Mrs. Miller was a native of Hancock county, Indiana. Her maiden name was Charlotte Tyner. She was married to her late husband, A. C. Miller, in 1847, in Hancock county, Indiana, and they came to Missouri and located in Andrew county the same year. Mr. Miller's death occurred sixteen years ago. Mrs. Miller is survived by the following children: J. A. Miller, Tyner Miller, Mrs. William Jeffers and Mrs. B. W. Smallwood of Hopkins, Mrs. R. C. Snodgrass of Star, Idaho; Mrs. L. E. Ricker of San Diego, Cal.; Elbert Miller of Silverton, Col.

A Postponed Pleasure.

The ladies of the Twentieth Century club are hereby requested to notify their invited guests that the lecture to have been given Monday evening at the Elks club by Mrs. Ess of Kansas City, has been unavoidably postponed. A message received Friday from Mrs. Ess states that she is ill and has been compelled to cancel her dates for the present. The club will make an effort to secure her for her lecture on "The Woman of Today" some time in the near future for the pleasure of their guests.

May Legalize Bets in Missouri.

Jefferson City, Mo., March 15.—Parimutual betting on horse races may become lawful in Missouri under a bill passed by the senate. The title of the bill declares it to be for the purpose of promoting and fostering fair associations and the measure creates a commission from which license must be secured by fairs that have horse racing.

Aged Man Asphyxiated.

St. Louis, March 15.—Thomas J. Cooke, eighty-one years old, was found dead and his wife and son, William, were found unconscious in their home here by a mail carrier. A gas jet was partly open, apparently by accident. The mail carrier had to break down the door to enter the house.

Woman Shoots Husband.

St. Louis, March 15.—Mrs. John Kinney shot and dangerously wounded her husband, a grading contractor, a work near here. She then held at bay with her revolver a crowd of workmen who asked for an explanation of the shooting.

To Revise State Constitution.

Jefferson City, Mo., March 15.—The state senate adopted a resolution submitting to the people the question of calling a state convention to revise the state constitution.

Storm Damage in Montgomery.

Montgomery City, Mo., March 15.—Large property damage was caused, and several persons injured two were killed fatally, by a storm which swept Montgomery county.

A TONIC LAXATIVE

Per-na, an Up-to-Date Family Medicine That Should Be In Every Home

S. B. HARTMAN, M. D.

Nearly everybody is obliged more or less to take a laxative. There are of course a few exceptions. A great many people also need occasionally to take a tonic. Probably few households exist that do not make use of tonics and laxatives.

The remedy Per-na is a laxative tonic. It not only operates as a gentle laxative, but also as a tonic.

The benefit derived from such a remedy is a great deal more in the prevention of disease than in the cure. After a person has really become sick, either with an acute or chronic ailment, the rule should be to employ a physician, or some one who can give the case his personal attention. But long before this happens the person will complain of this or that symptom, which is not severe enough to interfere with his regular activities. If at this place before the disease has really gained a foothold in the system, a person, was to take a dose of Per-na.

Garden and Flower Seeds.

Through the courtesy of Representative Booher and the Department of Agriculture a limited supply of garden and flower seeds were brought here by W. C. Van Cleve for distribution among the people of Nodaway county. Anyone who has not already received a package from Representative Booher will be gladly supplied by calling at the office of the Democrat-Forum as long as the supply lasts.

Cold in Head Goes Overnight.

Don't try to break up that bad cold with dangerous stomach disturbing drugs. Get directly to the inflamed membrane by breathing Booth's HYOMEL (pronounce it High-o-me). Get a bottle for 50 cents at the Orear-Henry Drug Co., and try the safe treatment that thousands are using.

Into a bowl of boiling water pour a scant teaspoonful of HYOMEL, cover head and bowl with a towel, and breathe deep into the lungs the healing vapor that arises.

Breathe this vapor for five or ten minutes until the head feels fine and clear, then go to bed and sleep soundly until morning. No cocaine or opium or harmful drugs in Booth's HYOMEL. It is made of Australian Eucalyptus and other antiseptics. It is guaranteed to end Colds and Catarrh or money back. Just breathe it—no stomach dosing.—Advertisement.

When in St. Joseph stop at Hotel Ryan (European), 313 South Sixth street. Steam heated Rooms 50 cents to \$1.00 per day.

Signs Lysaght Bill.

Senator Lysaght's bill reducing the number of judges and clerks for special elections was signed by the governor this morning. The purpose of the bill is to reduce the expense of holding special elections.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind. He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles."

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Theodore's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Theodore's."

good tonic laxative the great majority of cases of sickness would be prevented.

Per-na is a remedy that should be kept in the house. Its virtue as a preventive to disease is the thing I wish chiefly to emphasize.

A slight condition of constipation may lead to serious sluggishness of the bowels, biliousness, re-absorption of poisonous material, and finally sickness. Or apathy of the stomach in which the food is not relished, may gradually lead to atonic dyspepsia or to the acquisition of some acute disease. For either one of these conditions a few doses of the tonic laxative Per-na would set matters right. This is why the remedy should always be kept handy by.

When once the value of Per-na as a household remedy is understood no home would be without it. Cathartics, pills and powders would be discarded. Irritating tonics would be no longer taken. Alcoholic drinks would have no place. With a few doses of Per-na a vigorous appetite is produced and if there be any sluggishness of the bowels their function is gradually restored.

Most laxatives are weakening in their effect. A tonic laxative guards against this weakening effect. Until right living has become so thoroughly established that all medicines are superfluous, Per-na will be needed. It is exactly the remedy that meets numerous necessities of the household. Sold at all drug stores.

Mr. John B. Perkins, 22 Whiting St., Plymouth, Mass., writes: "I think Per-na is a number one medicine. I was troubled with catarrh and bowel complaint. I tried several doctors, but could only find temporary relief. I took Per-na and am glad to say that it cured my catarrh and corrected my bowels." PER-NA IS FOR SALE AT ALL DRUG STORES.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Per-na. For such would say this formula is now put out under the name of K-A-T-A-R-N-O, manufactured by K-A-T-A-R-N-O Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

Frugality.

"John, dear, it's too bad that we have to pinch and save, and economize on everything we buy. Is—there such a thing as a money trust?"

"Yes, love; I think there is."

(Pause.)

"John, dear, why don't you join it?"

—Exchange.

Green Carnations

For St. Patrick's Day, March 17th, only 10c each, 3 for 25c, \$1.00 per dozen. Very appropriate for decorations for the table, etc., and everybody wears one March 17. You will find us prepared as usual to meet the demands for these beautiful Carnations with nice large fresh cut blossoms of a beautiful green that lasts.

WANTED—500 men 20 to 40 years old at once for electric railway motormen and conductors; \$60 a month; no experience necessary; fine opportunity; no strike; write immediately for application blank. Address H. C. F., care of Democrat-Forum.

TO RENTERS OF FARMS

Why Pay Rent to Land Owners? You Can Buy Land of Us on Crop Payment Plan. We have Railroad Lands on the Above Plan.

We sell these lands on the Crop Payment plan at from \$25.00 to \$35.00 per acre. No mortgage, no notes, no interest to pay. All you have to do is get a deed for your land, break the sod and go to producing crops. Climate and soil the same as in Nodaway county. Lands produce the same kind of crops as Nodaway, the same fruits and the same water. The soil is a dark loam from 18 inches to three feet deep and produces the crops, is not an experiment but been tested for years. THE RAILROAD wants settlers and not fancy prices for land. Come and see us, let us tell you of this great opportunity and quit paying rent to others, but pay it to yourself and in a short time own a farm that will be worth three times as much as we ask for this land. It has been done before, why not again?

If you have a farm here let us sell it for you and go to this new country where you can buy land that will double in value in a few years.

VOLUME 3.

MARYVILLE, MISSOURI, S

NO. 245.

TO CLEAN STREETS

MUD AND DIRT TO BE REMOVED FROM PAVING.

A GENERAL CLEAN-UP

Work Not to Be Confined to One Section. But as Soon as Weather Permits Work Will Proceed.

Glory be! The mayor's going to clean the streets! With men, and teams, and wagons, and plows and scrapers, and a final touch with water to wash off anything the gang of men who do the work leave behind, the street paving, not alone on the square, but all over town, is to be cleaned and washed until it shall be like unto the streets of "Spotless Town."

More than that, the mayor tried to persuade a representative of The Democrat-Forum to put an ad in the paper of "tramps wanted." Asked if the city could work its prisoners on the streets, the mayor replied: "We can't, but we do." He then told the story of the man in jail who sent for his lawyer to come and get him out. "Why," said the lawyer, "they can't put you in jail for this." "Yes," said the man, "but they did."

Plans had been laid for the street commissioner to start in Saturday morning with a gang of men and teams, but the change in the weather put a crimp in the plans. However, the mayor says that as soon as the weather will permit the work is to be done, and done effectually. It is planned to plow up the soil which has collected, and if necessary the subsoil until the paving is reached. The dirt will then be hauled away in wagons and later the streets are to be washed. If the water plant will stand the strain.

With a bright, clean Maryville, it is expected the women's clubs will try to secure the state gatherings of their various organizations for Maryville. If the mayor's plans are carried out he will win their everlasting gratitude.

GUGGERTY FINED \$5.

Session of Circuit Court Saturday—Ledgeewood Divorce Was Granted.

At the session of the circuit court Saturday morning Thomas Guggerly pleaded guilty to assault upon Fred Litten and was fined \$5 and costs. Guggerly lives at Conception Junction, and the affray took place recently.

Ors Ledgeewood was granted a divorce from his wife, Susie Ledgeewood, on a statutory charge.

At the afternoon session several matters relating to suits in partition and sales reports were heard.

O. E. Holton and C. A. Gray, through their attorneys, Shinnaberg, Blagg & Ellison, filed suit in circuit court Friday against George M. Wilson on a note.

Marriage License for Rev. Baker.

Rev. Baker, pastor of the Christian church of Hopkins was in Maryville Saturday forenoon and secured a marriage license for himself to wed Mrs. Bessie Miller of Hopkins.

Fraternity Anniversary.

Miss Mae Corwin went to Columbia Friday to attend the anniversary of the Delta Gamma fraternity of the Missouri state university, of which she is a charter member. The anniversary was held Saturday, March 15, at the Delta Gamma fraternity house.

Anniversary Luncheon.

The members and associate members of the Twentieth Century club will celebrate their anniversary with a luncheon at the Elks club house Monday evening at 5:30. This was to have been followed with an 8 o'clock lecture by Mrs. Henry N. Ess of Kansas City on "The Woman of Today." A message was received Friday stating that Mrs. Ess is ill and has been compelled to cancel her dates for the present.

Shoemaker-Bovard Wedding.

The marriage of Miss Esther Shoemaker and Mr. Oliver K. Bovard will take place this Saturday evening at 8 o'clock, at the home of the bride's parents, Mr. and Mrs. Frank G. Shoemaker, 402 East Fourth street. Rev. Gilbert S. Cox of the First M. E. church will read the ring service. Miss Louise Sallander of Ft. Madison, Ia., will act as maid of honor, while the bridesmaids will be Miss Laura Barmann of this city and Miss Caroline Watkins of Lawson, Mo. Mr. Edward Schumacher will act as best man. The out-of-town guests will include Mr. and Mrs. Fraser Boyd of Kansas City; Mr. and Mrs. John Donovan of Muskogee, Okla.; Miss Sallander and Miss Watkins. The bride and groom will leave on the 9:47 Wabash train for St. Louis. From there they will take some route for a southern honeymoon trip, which they have not yet decided upon.

Mothers' Circle Meeting.

The Mothers' Circle held its regular monthly meeting Friday afternoon at the home of Mrs. William Everhart. The president, Mrs. W. C. Van Cleave, led the devotion. Miss Alma Nash addressed the meeting, telling her views of the suffragist parade in Washington. She spoke of the earnestness and interest of the women from every walk of life and how, even under the most adverse conditions, the women kept their temper and acted with dignity and forbearance. Mr. Van Cleave, too, spoke of the earnestness of the women, but said that women should study well before they assume political responsibility, and if they insist upon the vote they should prepare themselves for it. Both Miss Nash and Mr. Van Cleave gave interesting talks and both spoke of the cordial reception our band girls received on every hand. It was decided at this meeting to hold a candy and egg sale at Price & McNeal's store Saturday before Easter, the proceeds to be used for the playgrounds equipment. The emergency cabinets for the ward schools have been purchased and one was shown the members present. Mrs. Harris had some pleasant news for the Circle, the street fair and the Fourth of July committees having turned over their surplus of \$25 to the Mothers' Circle for the playgrounds fund. A vote of thanks was extended to the gentlemen of these committees. The president appointed the following committees to act for the ensuing year:

Ways and means and entertainment—Mrs. Berney Harris, chairman; Mrs. L. E. Dean, Mrs. Charles Gaugh, Mrs. Omar Catterson.

Membership and reception—Mrs. William Everhart, Mrs. Frank Buck, Mrs. W. H. Allen.

Visiting and flowers—Mrs. Eugene Ogden, Mrs. C. E. White, Mrs. Rebecca Brink.

Advertising—Mrs. E. B. Sheldon.
Press reporter—Mrs. S. E. Farver.
Program—Mrs. L. E. Dean, Mrs. L. E. McDonald, Mrs. W. B. Price, Mrs. Eugene Ogden.

Received Second Sight.

Uncle John Brown, who has been very poorly the past year and almost totally blind for some months, got up a few mornings ago and told his daughter, Mrs. Orren Masters, with whom he makes his home, that he could see. This was the first time he has been able to see anything at all for months. Mr. Brown was 84 years old in August.—Graham Record.

ONLY 6 OUT OF 116

FEW RECEIVED CERTIFICATES AT RECENT EXAMINATION.

22 OTHERS MAY PASS

Their Papers Were Sent to State Department for Grading—Two Second and Four Third Grade.

At the conclusion of the regular teachers' examination, held this week by Superintendent Oakerson, certificates were issued to six applicants. One hundred and sixteen took part in the examinations, but a majority of the applicants wrote on only a part of the subjects with the intention of finishing the examination in June. The papers of twenty-two of the applicants were sent to the state department for grading, and no report has yet been made on these.

Those to whom certificates were issued are as follows:

Second grade certificates—Edgar F. Hott of Barnard and Mabel Carver of Burlington Junction.

Third grade certificates—C. C. Vickery, Arkoe; Roxie Wilson, Clyde Lowell; Livengood, Elmo; Bert Cross, Hopkins.

REPUBLICAN NOMINATIONS

The Republican convention held at the court house Saturday afternoon to nominate candidates for township officers was a mild affair and hardly worth the admission. The lion of standpatism and the bull moose attempted to lie down together, but the situation was too strained to permit enthusiasm.

Ed Curfman was elected chairman of the convention and J. F. Hall secretary. W. R. Tilson and L. C. Gann were appointed tellers.

For township trustee, Harve Bainum and Bert Rowley were placed in nomination. The vote stood Bainum 124, Rowley 26.

For collector Orville A. Bennett received 92 votes and U. I. Wilson 57.

Jake Moore was nominated for assessor by acclamation.

For constable R. P. Yeaman received 86 votes and Richard Snyder received 29.

Ernest Wray and John Yates were nominated by acclamation for members of the township board from the north and south districts respectively.

Nobody wanted to be justice of the peace, but the following were finally named: R. L. McDougal, George Fleming, Gill Campbell, J. S. Miller and W. W. Glass.

MAKES DRY COUNTIES DRIER.

The Prosecuting Attorney May Enjoin Storage of Liquors.

Jefferson City, March 14.—Another bill to make the dry counties of Missouri more dry passed the house this morning. It gives the prosecuting attorney the weapon of injunction to prevent liquor being stored in any county which has voted dry.

Summary—Field goals, Daise 7, Moore 3, Eck 2, Mathes 2, Mutz, Jones. Free throws, Quinn 6, Moore 2, Eck 3.

Referee—Hoffman.

Umpire—Perrin.

Although the Normal girls were clearly outclassed in their game with the Missouri Wesleyan girls and were beaten by a count of 23 to 5, they played a hard game the whole time, and considering the reputation of their opponents, they put up a good game.

Miss Ruth Ellwood, the Wesleyan captain and left forward, gave the best exhibition of basket throwing that has ever been displayed on the local court by one of the fair sex. Her eight field goals and three free throws account for the defeat of the locals. Miss Hazel Thompson, the Normal captain and guard played a grand defensive game. Although her opponent did count eight field goals, Miss Thompson repeatedly gained possession of the ball in dangerous territory and heaved it toward her own goal.

The first half the Normal girls were unable to register, while Wesleyan got 11. Finally in the middle of the second half Miss Martin counted the first point for Normal with a field goal. This was the first real chance the roo-fers had had to cheer, and cheer they did. Miss Abplanalp counted the other three points for the Normal with a field goal and one from the foul line. The line-up:

Wesleyan—Forwards, Ellwood and Lane; centers, Henderson and Carson; guards, Christian and Wyckoff.

Normal—Forwards, Abplanalp, Martin and Hoffman; centers, Rickenbrode, Hotchkiss, Candler and Hanna; guards, Thompson, Gibler and Hollister.

Summary—Field goals, Ellwood 8, Lane, Abplanalp, Martin. Free throws, Ellwood 4, Lane, Abplanalp.

Referee—Moore, Maryville.

Umpire—Whitell, Wesleyan.

High School Notes

Four basket ball games were played this week. The first two were played Monday. Murray, who captained the team that won the school championship, defeated a picked team led by Paul Thompson. The score was 21 to 13. Prof. Westbrook refereed. At the same time the second tie of the class B series was being played off and was won by Roberts' team. In this series it was necessary to play off two ties, and the list now stands with Roberts first, Wilson second and Cook third.

It was announced Friday that a game between two of the girl teams would be played and the boys would not be admitted. So in opposition to this game the boys announced a game at the same time, barring the girls from their game. Owing to the rivalry both games were well attended. In the boys' game Blagg won from Condon 15 to 13.

John Kirk Taylor refereed. From the various spies the boys had posted it was learned that the team captained by Mattie Clayton won from Nina Bent's team by a score of 3 to 0.

Geneva Wilfly and Miss Ashby officiated, and the line-up was as follows:

Mildred Hancock and Amy Clark, centers; Mattie Clayton and Greta Kemp, guards; Brownie Helpy and Lola Wright, forwards.

Nina Bent and Nellie Knappenberger, centers; Laura Craig and M. Quinn, guards; Vljune Colden and Faye Herndon.

This was the first game for the girls.

The track team was outdoors for the first time Tuesday, but owing to the unfavorable weather the rest of the week they did their work in the halls of the school. Rev. Harkness met the squad Tuesday and has consented to help them.

The advanced seniors held a business meeting Thursday afternoon. Among the things of importance that came up before the class was the selection of the class pin and invitations. They will entertain the beginning seniors March 28th, at the high school.

First of Tournament.

The Girls Basket Ball Teams of the High School Played Friday Evening—Hancock Team Won.

Honorable mention to the Transmagnificentdibydensality vs. Transmagnificentdibydensality.

Don't be frightened, please. These are not new contagions. They are the names of the high school girls' basket ball teams.

The first real game between the girls' basket ball teams of the high school was played Friday evening at 4 o'clock in the gymnasium. The teams have been practicing faithfully for weeks under the direction of Miss Winifred Ashby, and are able to play good ball. They have a "Keep off the grass" sign up, though, that says "Boys not allowed," and that is the reason they are getting along so well. They don't have to bear the jealous criticism and taunts their playing would be sure to bring out if the boys should happen to see a game. But after awhile, when they are sure of not being affected by stage fright, that strange thing that attacks professionals sometimes, they are going to invite the world to see them play, and defy every boy team in the country.

But listen to the names of the teams. Terrifying to see, but work at them and you will be able to pronounce them; that is if you, have a tongue as active and pliable as a high school girl's.

Captain Nina Bent heads the Honorable mention team, whose line-up is Nina Bent and Mary Quinn, centers; Nellie Knappenberger and Vljune Colden, guards; Laura Craig and Faye Herndon, forwards.

Captain Mildred Hancock heads the Transmagnificentdibydensality team, whose line-up is Mildred Hancock and Amy Clark, centers; Lola Wright and Brownie Helpy, forwards; Greta Kemp and Mattie Clayton, guards.

These girls never abbreviate the names of their teams and they rattle it off over their tongues as slick as grease, while you stand and listen with open-mouthed amazement.

Friday evening's game started off with Gladys Holt and Blanche Gray giving the yell, and it went like this:

Who's goin' to win this?
Who's goin' to win this?
Who's goin' to win this now?
Bent's goin' to win this!
Bent's goin' to win this!

How?
E-e-e-e-e-e-y!

Then everybody yelled for Bent. Miss Ashby gave the signal for the game to start, and for a moment everybody was paralyzed. But a beginning was finally made. Everybody

IT'S PALM SUNDAY

PASSION WEEK SERVICES AT MARYVILLE CHURCHES.

THE DIVORCE PROBLEM

One Minister Will Consider Phases of an Evil in American Home Life—Announcements for Sunday.

First Presbyterian Church.

Palm Sunday will be observed with the following service program:

The morning worship will begin at 11 o'clock. The sermon will be entitled, "Why Jesus Planned the Royal Entry." The choir will render special music in keeping with the spirit of the day.

At 7:30 p. m. the evening worship with a sermon on "Ancient High Finance."

Holy week will be commemorated by four special services to be held Tuesday, Wednesday, Thursday and Friday evenings. Tuesday the sermon subject will be about "The Easter Pilgrims." Wednesday the theme will be "I Go." Thursday is the anniversary of the institution of our Lord's supper, and after a brief address upon "Keeping in Touch With Christ," the holy communion will be administered. On Good Friday the sermon will be entitled "The Depths of Love." These evening hours will be made as helpful to the inner life as it is possible for the pastor to make them.

The Easter program will consist of a sunrise prayer meeting, Easter worship with sermon at 11 a. m. and an Easter cantata given by the choir at the hour of evening worship. We have nothing new to say to you; no sensational gospel to preach to you, but we can and do offer you the fellowship of some people who are trying to do their part in bringing the kingdom of heaven to earth.

The First M. E. Church.

Three hundred and twenty-five at Sunday school. Were you one of them? If not you missed a great privilege. Come let us prove it to you at 9:45 Sunday a. m.

Preaching at 10:45 a. m. Subject of sermon, "The Power of the Cross." The choir will sing, "Sanctus," by Gounod. H. H. Mutz will sing "The Penitent," by Van de Water.

Epworth League meets at 6:30 p. m. A special Livingstone service has been arranged. Reading, studies, special music. Miss Edna Moore is the leader. You are cordially invited.

Preaching at 7:30 p. m. Subject, "A Day of Triumph." This subject will be the record of the experiences of Christ on Palm Sunday with the apparent teachings of the day. Each evening of the week the pastor will preach from the experiences of the corresponding day in the last week of Christ's earthly ministry. The choir will sing appropriate music.

The music for Sunday evening will be an anthem, "Unto Him Who Loved Us," by Schaefer. Solo, "The Palms," with violin obligato, by Faure.

You are cordially invited to any or all these services. Strangers will find a welcome.

GILBERT S. COX, Pastor.

Buchanan Street Methodist Church.

We set another mark on attendance last Sunday at Sunday school. We have another great lesson tomorrow. God's way of finding the right man.

Preaching by the pastor, Rev. Jos. D. Randolph, at 10:45 a. m. The subject of the sermon is "The Days of the Years of Life." To measure our age in years is an artificial method. How we have lived is of more importance than how long we have lived.

League at 7:30 p. m. Subject, "My Neighbor."

The subject of the evening sermon is "The Significance of the Rising Tide Divorce." This is the second of three sermons on "Home Making." The speaker believes that the rising tide

I hereby announce myself as a candidate for tax collector of White Cloud township, subject to the decision of the Democratic township nominating convention.

RUFUS CAREY.

I hereby announce myself as a candidate for Tax Collector of White Cloud township, subject to the Republican nominating convention.

JOHN R. BOHAM.

Another Case of Smallpox.

Mrs. Howard Manning, wife of one of the original four victims, was discovered to be suffering from smallpox the first of the week.

She, like the others, has a light form of the disease, probably less severe than her husband, and her case creates no excitement at all—indeed, it would have been a little short of a miracle if she had not taken it, as she been constantly with her husband all the time, and was not even vaccinated.

Mr. Manning is almost entirely over it, and the quarantine would have been lifted from his house this week had Mrs. Manning shown no symptoms of taking the disease herself—Graham Record.

Gone to St. Clair County.

A. C. Nicholas, who sold his farm recently near Maryville and bought a large farm in St. Clair county, left for that place Friday with a car load of registered Aberdeen-Angus cattle which he will keep on the farm. His nephew, Wilson Nicholas, who will manage the place, left the day before with a car of machinery and household goods. In a letter here Mr. Nicholas said that Mrs. Nicholas and the young Progressive, Judson Colwell Nicholas, were getting along fine at Battle Creek, Mich., and would soon return to Maryville, where Mr. and Mrs. Nicholas will make their home.—Burlington Junction Post.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

SAT. BANK OF COMMERCE, Toledo, Ohio.
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.
Take Hall's Family Pills for constipation.

TILLMAN LOSES HIS LONG FIGHT

Appropriations Chairmanship Goes to Senator Marlin.

ANOTHER CAUCUS IS CALLED.

Democrats Make Radical Changes in Method of Controlling Legislation in the Senate—Steering Committee Shorn of Some of Its Powers.

Washington, March 15.—Senator Benjamin R. Tillman of South Carolina lost his long and hard fight for the chairmanship of the powerful senate committee on appropriations. The Democratic committee lists completed by the "steering committee," headed by Senator Kern, accords the appropriations chairmanship to Senator Martin of West Virginia and places Senator Tillman at the head of the committee on naval affairs.

A Democratic caucus has been called for today, when the committee lists will be presented to the full membership of the senate. It is said that Senator Tillman will lead a fight in the caucus to overthrow the committee's decision.

Radical changes in the method of controlling senate legislation and committees, which formed the basis for the so called progressive Democratic reorganization fight began last December, were approved by the Democratic managers and will be offered for adoption by the caucus. These recommendations are:

All committee chairmen shall be elected by the Democratic members of the committees. The practice has been for the "steering committee" to appoint all chairmen.

A majority of the Democratic members of any committee may call a meeting of that committee at any time.

Members of "conference committees" shall be selected by the Democratic majority of the committee having charge of the legislation in question.

"Steering" committee members shall be selected by a Democratic caucus instead of through appointment by the caucus chairman.

Appointments by the "steering" committee to fill vacancies on all committees must be passed upon by the full caucus.

The recommendations to be made constitute important departures from the practice that has prevailed in the senate and are similar in many ways in the changes that were made in the house at the beginning of the last Congress.

Clarke Will Be on Commerce.

Senator Clarke of Arkansas has been slated for the chairmanship of the committee on commerce, which handles river and harbor improvement legislation; Senator Hoke Smith has been added to the finance committee and named as chairman of the committee and labor; Senator Chamberlain has been selected for the chairmanship of the public lands committee, and Senator Luke Lea is slated for the chairmanship of the committee on library.

BURKE FOR TREASURER

Nomination of North Dakotan May Be Sent to Senate Today.

Washington, March 15.—Former Governor John Burke of North Dakota is among the foremost in President Wilson's consideration for appointment to the position of treasurer of the United States. Some of the governor's friends expect that his nomination will be sent to the senate today.

George Foster Peabody, former treasurer of the Democratic national committee, accompanied by Secretary McAdoo, had a conference with Mr. Wilson. It was said that Mr. Peabody also was under consideration for appointment as collector of the port of New York.

When the conference with the president broke up it became known that Mr. Burke was practically the only man being considered for treasurer and that Mr. Peabody would prefer some other post than collector at New York. It is suggested that a place in the foreign service might be offered him.

Arkansas Has Two Governors.

Little Rock, March 15.—Two state senators laid claim to the office of governor of Arkansas and each established an office at the capitol. After the resignation of Governor Joseph T. Robinson, Senator W. F. Oldham, then president of the senate, succeeded him. The senate elected Senator John M. Futrell, president pro tem, to act as lieutenant governor. Futrell demanded that Oldham retire. Oldham refused, and both men sought to exercise gubernatorial functions. Both declared they would call a special election for governor.

Servians Massacre Albanians.

Frankfort-on-the-Main, March 15.—Three hundred Albanian inhabitants of Luma, in the Turkish province of Kossovo, were shot and killed without trial by Servian troops, according to a dispatch from Uskup to the Frankfort Gazette.

Forged Names on Recall Petition.

Huron, S. D., March 15.—A sensation was sprung here by the discovery of forgeries of signatures to the initiative primary petition to repeal the Richards primary law.

(Continued from Page 1)

pretty much jumbled and the first of the game ended with a score of 0 to 0.

The second half of the game was Brownie Helpley of the Trans (excuse us, girls, but we just spell it) was the star player, winning the game for her team by a score of 0 to 0.

Geneva Wilfley refereed the game.

Enche Gray, one of Captain Bent's men, was considerably handicapped in the game because she—well, we don't want to tell that she has the "pink eye" that is going to be so bad. And it is to this handicap that Captain Bent ascribes her loss of the game.

This game was the first of a tournament of five games. The winning team will play the Northwest Normal basketball team at the close of the present tournament. Boys not wed there, either.

Another Missourian Honored.

Dr. B. T. Galloway has been appointed Assistant Secretary of Agriculture by Secretary Houston. Dr. Galloway is a former Missourian but has been in the government service for twenty-five years and is regarded as one of the most efficient men in the department. He has for some years been at the head of the bureau of plant industry, a bureau that has been of invaluable service to the government and the people of the country.

This bureau has made a development of plants new to the country and has introduced valuable crops. It has brought from Egypt, durum wheat from China and by crossing a high valueless orange from Japan a less hardy variety of high quality that this country has produced a mate that will stand a more rigorous climate than heretofore.

Dr. Galloway has done a vast work in the development of plant diseases and has won many valuable remedies. He has studied insects and the various diseases that destroy crops and has developed the fact that the world and that only a few are utilized. There are only 100,000 different species of insects in the world and that only a few are utilized. There are only 100,000 different species of insects in the world and that only a few are utilized.

COMING COMING COMING

The Great Indian Doctor

To Maryville, Mo., for one week, commencing Monday, March 17 to Sunday, March 23. His office will be at the Linville Hotel.

MARRIED WOMEN MUST BRING THEIR HUSBANDS ALONG

This is the Indian Doctor you have read so much about in the papers—the wonderful cures he has made when others have failed. He is a half-blooded Sioux Indian from the Rosebud Agency, S. D. His mother is a full-blooded Indian and his father is a white man. His father was the chief medicine man on the reservation and was a graduate physician, and so is he, a graduate of one of the best medical colleges in the U. S. He is licensed by the State Board of Health of Missouri.

FREE OFFER

For one week only, he will examine you and treat you FREE OF CHARGE, except for the medicine used. He treats you with pure root and herb medicine. He treats diseases of the Blood, Skin, Heart, Lungs, Liver and Kidneys, Stomach Trouble, Bowel and Bladder Trouble, Nervous Diseases, Loss of Nerve Force, Rupture and Piles without the knife and without pain or detention from business, Epileptic Fits (falling sickness), Rheumatism, Paralysis, Catarrh, Varicose Veins (knotted), Ulcers, Gall Stones, and all private diseases of men and women. Married women please bring your husbands along.

You say you have no confidence in getting cured. What right have you to pass an opinion without an HONEST INVESTIGATION? There is only one way to arrive at this conclusion, and that is to Positively Know the cause of your disease. You will never be cured by guessing. Neither by your judgment or the Doctor who THINKS he knows what is wrong with you. YOU MUST KNOW. There is a vast difference in surgery, acute and chronic diseases. I am a specialist on chronic diseases and claim, demonstrate and prove that I am qualified both professionally and by experience. By examination I can tell you all your aches and pains and diagnose to the most minute detail. Any of your friends will offer their opinions as to your troubles if you explain how you feel. Opinions are not what you want. FACTS. A true condition of your health is what you must know if the treatment given is expected to benefit and cure you.

Why Should I Not Advertise My Business?

Having thoroughly qualified myself for my specialty, I believe I should possess equal rights with others and to deprive me of any of the sacred rights guaranteed to all by the liberal laws of the country is professional tyranny.

I TAKE NO INCURABLE CASES! I look after my patients until they are cured. No lies, no deception, no poisonous drugs. You are treated with Herb Medicines. Free examination and free treatment, except for medicine used.

What is Disease?

A state of the body disturbing the performance of the Vital Functions and causing PAIN, WEAKNESS, DISORDER, COMPLAINT, EMACIATIONS, COLLAPSE, DEPRESSION, UNCONSCIOUSNESS and DEATH.

TESTIMONIALS

TO WHOM IT MAY CONCERN:

I have been a sufferer, if there ever was, I am 70 years of age. I have not slept one night in about five years, I had disease called eczema, my legs were raw from my knees down, from scratching; they itched so that I could not help scratching, and the Indian Doctor was recommended to me by Mr. E. S. Garver, and a doctor told me to try him. I want to say, that in one night the itching stopped, and I kept taking his medicines and he has cured me, and there is no one so thankful as I am.

Resp. Yours, MRS. FRANKS, Grant City, Mo.

TO WHOM IT MAY CONCERN:

My wife and I have been sufferers for several years with chronic constipation, stomach bloated with gas, smothering spells, shortness of breath, pains in stomach and in the back and we have tried everything but failed to do us any good, the Great Indian Doctor came to Hopkins, Mo., and we went to see him and he gave us some medicine

and he has cured us. We can highly recommend, to everyone who is a sufferer, the Indian Doctor.

Resp. Yours, MR. AND MRS. J. E. LARSON, Bedford, Iowa.

TO WHOM IT MAY CONCERN:

I have been a sufferer with stomach trouble and with piles, for three years. I could not do my work on the farm. I read about the wonderful cures the Indian Doctor was making around Gallatin, Mo., and one day I drove to Gallatin to see him. He said that he could cure me, and I said all right, so he fixed up some medicine and gave it to me and he sure did cure me. I done my work this fall. I plowed, it to me and he did not do in three years. I can highly recommend the Indian Doctor to everyone.

Resp. Yours, M. A. DONNER, Pattonsburg, Mo., R. 2.

TO WHOM IT MAY CONCERN:

My wife has been a sufferer for years with stomach and liver and kidney disease, and I have been a sufferer myself with my stomach.

I have spent hundreds of dollars trying to get something to relieve us, but have failed. The Great Indian Doctor came to Pattonsburg, Mo., last June and we took treatment from him and I can safely say that in one week he has done me more good than I ever expected and he has cured my wife and I. I was sick, I could not work, and now I can work and my wife, and we can only thank the Great Indian Doctor for it.

Resp. Yours, MR. AND MRS. H. M. JOHNSON, Pattonsburg, Mo., Route No. 5.

TO WHOM IT MAY CONCERN:

This is to certify that I have been treated by the Indian Doctor, (Dr. Mitchell). I had a cancer on my face, side of my nose, and he has cured me and I found him to be an honorable gentleman and fair in his dealings, he has kept every promise made me, and I cheerfully recommend him to the general public.

Yours very truly, E. S. GARVER, Editor Worth Co. Times

Had Her Instructions.

Mrs. Subbubs (to neighbor's child)—Oh, there is the dozen of fresh eggs I asked your mother to send over. How much are they, Mary?

The Child—Please'm, it's 40 cents. But mother says if you grumble it's 35.—Boston Transcript.

THE CORN CROP OF MISSOURI

Governor Major Writes in Leslie's Weekly of the Great Annual Yield.

We produce one-eighth of the corn grown in the United States, and one-tenth in the world. Missouri produces three-fifths as much corn as all Europe, and one-half as much as the entire world outside of the United States. While the per capita production of corn in the United States fell from 35.1 bushels in 1899 to 27.7 bushels in 1909, Missouri increased its corn yield per capita from fifty-nine bushels in 1909 to 72.5 bushels in 1910. While the per capita yield of the United States, as a whole, in this decade had a loss of 7.4 bushels per capita, Missouri had a gain of 13.5 bushels per capita. Farm products, including live stock, sold in the year 1912, or remaining on the farms at the close of the year, were valued at more than 750 million dollars, which stupendous sum came from less than three hundred thousand farms.

The land area is 68,727 square miles, and there is ample room now for more than another one hundred thousand farms.

New Realty Firm.

Otis & Snodgrass is the name of a new real estate firm that has purchased the business of Bickett & Son, who have been doing business over the Corwin-Murrin clothing store. Mr. Otis has been in the real estate business here for some years. Mr. Snodgrass has been traveling for a farm machinery concern and will quit the road and give his attention to the new business. The Democrat-Forum wishes them success in their new venture.

Sheep—None.

ST. JOSEPH.

Cattle—50. Market steady.
Hogs—1,700. Market strong; top, \$8.85.

Sheep—None.

Missouri Senators Fare Well.

In the make-up of the five most important committees of the United States senate, decided upon and announced by the "steering committee" Friday, Senators Stone and Reed of Missouri seem to have taken rank with the oldest and ablest of the members of the senate.

Senator Stone is given second place on the great committee on finance, regarded as the most important committee of the senate, and he is also given second place on the committee on foreign relations.

Senator Reed has a good place on the committee on the judiciary, and also on the new committee on banking and currency, which assignments are very complimentary to a senator serving his first term.

Both Senators Stone and Reed will be given chairmanships on good committees, but the memberships of only the five most important committees have yet been announced, and their appointment to places on four of these will be especially gratifying to their friends in Missouri, and is a strong testimonial to their ability and service in the senate.

Home From South.

Jesse F. Robertson returned Thursday evening from a several weeks' stay at San Antonio and Corpus Christi, Texas. Mrs. Robertson is receiving much benefit from the change in climate and will remain at Corpus Christi until April 1. Mr. and Mrs. Robertson visited Mr. and Mrs. J. J. Davis while in Corpus Christi and found them both in good health and enjoying their stay in the south very much this winter. They will probably not return home until the latter part of April.—Burlington Junction Post.

Borrowed an Umbrella.

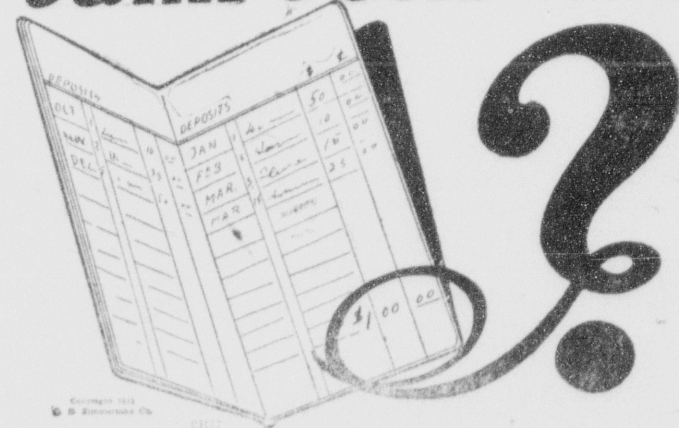

You know how it rained Thursday afternoon. Poured down, you know. Well, while this nice rain was coming down its best Mr. J. D. Frank of the Alderman Dry Goods company thought he would go to the postoffice with some mail for the 4:29 train. As he walked serenely along under his spacious umbrella, he met Agent W. E. Goforth of the Burlington, who was walking hurriedly, umbrellaless. Mr. Goforth stopped suddenly and asked Mr. Frank if he was carrying his own umbrella. Mr. Frank stopped, looked over the umbrella in his careful, conscientious manner, and said, "Why,

yes, I think so." Then Mr. Goforth asked for permission to examine the umbrella closely. Mr. Frank handed it over to him freely—and Mr. Goforth walked off under protection from the elements. Mr. Frank came to, presently, and made his trip to the post-office and back with a broad grin on his face. Mr. Frank is some joker himself, though, and Mr. Goforth had better be on the watch.

To Cure Cold in One Day

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.—Adv.

The story the bank book tells

There is no more interesting reading than the credit pages in your bank book, telling you the sum that is held subject to your order. Your success is measured by the figures in your bank book. If you have a bank account which is growing every month, you are on the royal road to success.

Employers are quick to learn of the fellow with a bank book and he is the man they look to first when responsible positions are open.
